

On This Side Of The Sun

By Phat

Was informed this week that only ignorant people are superstitious. All right. A week ago today it was Friday, the 13th. Let me tell you about my day. Popped out of bed at 6:15. Knocked over the lamp which I had placed by the bed the night before in defiance of advice not to read in bed. Poured the cereal into a dish, poured the "half and half" on it. One swallow and harsh words. The cream was sour. Out to the car. A black cat was sitting by the right front tire. To the print shop. Many things happened and we were an hour late. At Torney, after taking papers to the PX, came back to find the right front tire (which the black cat had nudged) flatter than a horse player. Wound up the day by forgetting to take a towel to the shower. So I'm ignorant.

THE VILLAGE—Leo Wilkes, hearing of my day last Friday, said: "You haven't heard anything. I changed tires FIVE times last Friday. My cooler motor burned out, the unit in the refrigerator gave up. Why are you crying about one flat tire and a little sour cream? ... Walter Kofeldt was back in town. Full of ideas, as usual. Reported that Paramount has released a one-reeler showing the Franconia Notch aerial tram. Think it should be shown here. ... Lots of people in town this week got post cards from Lloyd Simon in New York. In fact, he wrote so many, he used a rubber stamp of his signature to keep from getting writer's cramp."

THRILL—Ever had a person express regret to you over your own demise? It's a thrill. ... Other night while talking to Hans Hansen, he mentioned The Desert Sun. An army officer, sitting next to me, said: "Are you from The Sun?" When I said yes, he thanked me for having the only accurate story about his experience trying to land on one wheel at the airport two weeks ago. (By the way, Bill Rashel wrote that story). So he asked me: "How long have you been in the newspaper business?" When I told him, counting newspaper days, 35 years, he asked: "Did you ever hear of Phat Graettinger?" I said "yes, the big bum." Then the kid said: "Too bad he died." I told him that Phat may be dead but he's still walking around. The officer is Lt. Luther Feagim, veteran of overseas combat, now an instructor at the local air base. He had heard about me from his uncle, Jim Bond, one of the best newspaper men who ever worked with me. Jim had sense enough to quit the journalistic grind. He's working for Uncle Sam now.

VISITORS—Al Jolson and his recent bride were back in town. It was from Palm Springs last March 24 that they started their elopement. They took their own steaks to the Dunes to make sure they'd get meat. ... Also there were petite red-head Susan Hayward and husband, Jess Barker. ... Major E. W. Jones writes, enclosing a clipping from a Seattle paper which discusses the "Northrup aviation factory at Palm Springs." Must look that up some time. ... The Rev. B. B. Weatherall says he has had a letter from his son, Lt. Neil, now with the occupation force in Germany in which the latter wrote: "Saw a movie in England a few nights ago, 'Hiking and Biking.' Who do you suppose was in it? I sure gave me a start to see Joe and Moya Henderson on a combination bicycle with little Joe sitting between them, as big as life. Palm Canyon drive certainly looked good to me."

THE MAIL—All of the mail this week was for Mrs. G. who conducted this column last week. I read it, anyway. ... Herman Levine wrote: "Congratulations on your swell column in as well as home town paper. It was great." ... From a woman: "I have found, dearie, after a lot more years of married life than you have had, that the only way to keep a man from dirtying up the house with ashes, is to make him smoke on the back porch." ... From another woman: "You should be glad that in Palm Springs, at least, the old man TAKES a lot of showers." ... From a mere man: "Why not write the column every week? You do a (deleted) better job than that lug of a Phat." Tsk! Tsk! Tsk! Such language in the presence of a lady! ... From a doctor: "...and make him wear a hat." (NOTE by Mrs. G.—Phat has three hats, but they are so terrible I won't let him wear any of them. I just can't seem to steer him into the hat departments).

AND SO ON—Well, I still have my job and I'm glad that while Mrs. G. was so maligning me last week, she didn't tell all. I was afraid she was going to tell about my culinary ignorance. I'm very fond of my Vitamin C's and buy a lot of fruit juices. As a result, I'm always out of blue points. The other day I came home and found a big jar of fresh orange, grapefruit and lemon juice awaiting me. She had squeezed the fruit herself and said: "There, that's about 40 points worth." So I went to the grocery and brought back a pineapple. "How

Busy Youth Program Under Way

Scores of Village Youngsters Involved In Lions' Program

An ambitious youth program is today well under way in Palm Springs, sponsored by the Palm Springs Lions and already has enlisted and interested scores of boys and girls.

Frank Partridge, chairman of the Lions Club Youth Activity committee, is in charge of the program, and is assisted by Johnny DeVine and William Veith.

PLAN EXPANSION

Already two boys' softball teams have been organized and there is material enough for a third team. Two girls' softball teams have been organized and there may be more, Mr. Partridge said.

In addition, steps were taken last night to organize a boys' club when a meeting was held at the Chamber of Commerce. It is planned to have these meetings each Thursday night and interesting programs are being mapped. Next week a veteran of front line fighting is expected to tell the boys of his experiences. Other speakers are being lined up for brief talks in the "boy's own language," sponsors said.

TO HOLD FIELD DAY

While the athletic program during the summer months is being confined to softball games, it is planned to expand the program to include other sports—basketball, volleyball and track events. Tentative plans call for an old-fashioned field day in September at which time prizes, donated by Villagers, will be offered boys and girls in the old county fair type of events, three-legged races, sack races, potato races and the like. This day of fun and competition is planned for the Field Club.

So far two nights a week have been devoted to the softball program—Wednesday and Friday.

Mr. Partridge said that all boys between 11 and 18 were eligible for the Boys' club and invited to attend the Thursday night meetings.

SWIMMING LESSONS

He also reminded all youngsters of the Red Cross swimming instructions at the Desert Inn pool from 8 a.m. to 12 noon on August 11, 12 and 13. These lessons are made possible through the action of Harold West, local Red Cross branch chairman, and the generosity of Earl Coffman of the Desert Inn, who has always taken an active interest in promoting youth welfare here.

Chief of Police August G. Kettmann has taken an enthusiastic interest in the program, and has been on the scene nightly to cooperate with Mr. Partridge and lend his aid to the program.

City Fees Mount After July 31

Village business firms which have forgotten or put off paying city license fees, due July 1, were reminded today by City Clerk Louise McCann that the period for payments ends on July 31.

On and after August 1, the fees automatically go up ten per cent.

Police Ask Merchants Cooperate

It may be the warm days—blame it on something.

But many merchants are going home these evenings, leaving their store doors unlocked.

Policemen, who each night make a check of all doors of closed business establishments find many unlocked. There are many times when they cannot lock them, so they want business men to give them a little help.

All they want is that a card be put on the door, giving the home address and telephone number of the owner of the place.

Then they can call him quickly and have him come down to lock up securely. The reason for this request, police say, is that sometimes they have trouble in locating the owners.

So—put up a sign with your phone number on it and be confident that the Village force is looking out for you.

Tram Bill Victory to Be Marked

Dinner Monday at Riverside City's Thanks for Aid

Palm Springs Chamber of Commerce will be host at a Tramway Victory dinner at the Mission Inn in Riverside next Monday evening at 6:15 o'clock, at which time Villagers, active in the campaign to obtain the success of the Mt. San Jacinto Winter Park Authority bill and county residents who aided in its adoption, will be guests as a mark of the city's appreciation for their help.

Representatives from all county communities will be present. Specially invited are those county residents who gathered at the Desert Inn here last January and pledged their support for the measure.

FROM STATE GROUPS

Representatives of state organizations which aided the measure such as the All Year Club, the State Chamber of Commerce, automobile clubs and other tourist organizations will also be guests.

Earl Coffman, head of the tramway committee of the Chamber, will be the principal speaker and will tell of studies of other aerie; tramways already in operation. Pictures and factual data on the tramway will be presented.

TO COMPLETE PLANS

Harry Harper, who will assume active duties as secretary of the local Chamber of Commerce on Sept. 1, will be here tomorrow to complete plans for the Victory dinner and also to discuss the proposed two-day ride at the end of the month to the site of the tramway's mountain terminus.

A large delegation of Villagers and residents of Cathedral City and Banning are expected to form a caravan to attend the event Monday evening.

25 Youngsters Taking Swimming Lessons at Pool

Twenty-five Village youngsters have enrolled in the swimming classes being conducted at the municipal pool on the Frank W. Cutler estate, 348 Merito place, Chief of Police August G. Kettmann, supervisor of the pool, said today.

Mrs. Lynn Febich, manager at the pool, is conducting the lessons.

She reported that average attendance at the pool last week was 146 with about 75 per cent of this number being youngsters.

Lykkens' Store Staff Assists In Red Cross Work

Work at the production room of the Palm Springs branch of the American Red Cross is being given a substantial boost each Wednesday night by a group of members of the staff of Lykken's Department store.

Once each week the group goes to the headquarters to roll bandages. Included are Mrs. H. Krebs, Mrs. A. Ramatko, Mrs. H. King, Mrs. L. Holcomb, Mrs. Ethel Weeds, Miss M. A. Gorcester and Miss Tillie Nava.

Mrs. Tom Holland, production chairman, arranged for the Wednesday evening visits of the group to Red Cross headquarters.

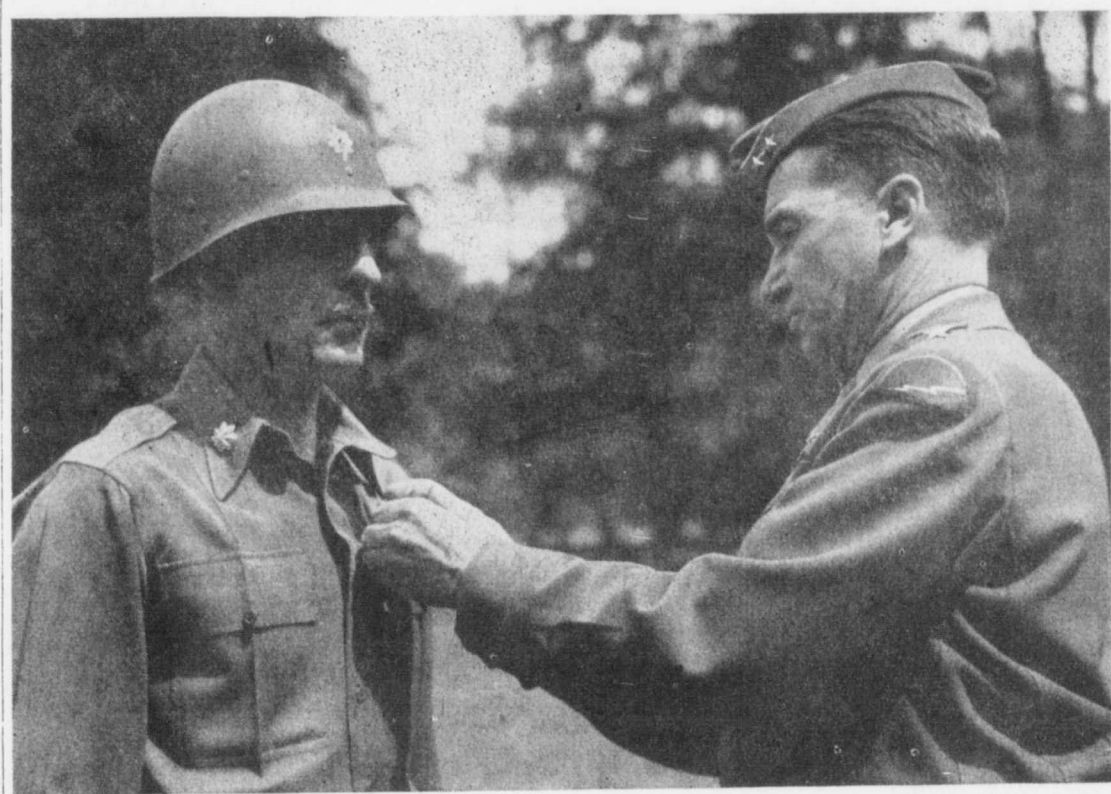

County Exceeds War Bond Quota

J. M. Johnson, county chairman for the Seventh War Loan drive, reported Wednesday that all communities in the county had exceeded their E bond quotas. Total bond sales in the county were \$11,800,423 against a quota of \$7,500,000.

In Palm Springs, under the guidance of Chairman Tom Holland, all quotas were exceeded, and the total was \$1,037,600, more than double the quota of \$511,180.

A last-minute purchase of \$15,000 in bonds by Mrs. Holdegard Saylor and a \$10,000 allocation of bond purchases to the Village by the Standard Oil company, boosted the Village total \$25,000, Chairman Holland said yesterday.

Quick Work Traps Two Youths Raiding Home

IN GERMANY—Lt. Col. Dan L. Miller, 267 Overlook road, Palm Springs, of the 7th U. S. Army, left, receives bronze star from Maj. Gen. E. R. Parker, acting commanding general, 19th Corps, at ceremonies at Bad Nauheim, Germany.

Villager Wins High Awards In Germany

Lt. Col. Dan Miller of 267 Overlook Road, was awarded the bronze star by Major Gen. G. M. Parker at ceremonies at Bad Nauheim, Germany, according to word Mrs. Miller, of the Western Union office here, received this week.

The citation was for meritorious service in France, Belgium, Holland and Germany from July 6, 1944, to February 28, 1945.

Lt. Col. Miller, battalion commander, contributed materially to the training of his organization, enabling them to perform their tasks most efficiently and in a most expeditious manner, the citation read.

"The leadership, determination and devotion to duty displayed by Lt. Col. Dan L. Miller reflected great credit upon himself and to the military service," the citation concluded.

Gen. Parker personally pinned the medal on Col. Miller and said that he was well aware of the capabilities of the battalion he commanded. He said he had marked their activities during the Bulge in December and January and wanted especially to personally commend Lt. Col. Miller.

1800 Villagers Buy Use Stamps

Postmaster R. M. Gorham reported that more than 1800 \$5 automobile use tax stamps had been sold up to last weekend in Palm Springs.

Highway patrol officers have been instructed to check cars and question all drivers of those cars not displaying the tax stamp.

Village Educator With Honor Guard at Meeting Of Big Three in Berlin

Corporal George Mannington, former principal of Nellie N. Coffman Junior high school here, is now in Berlin with the second armored division, currently part of the honor guard for the Big Three meeting in Germany.

He has been in the service for two years and overseas one year. His division was in the battle of the Bulge and he received a Bronze Medal for the fighting in that area. His division was the first foreign unit to be awarded the Fourragere by the Belgian government and the second unit to be cited by Belgium. The division was the first liberating troops to enter that country.

The local educator has four battle stars to his credit.

In a letter to Mrs. Mannington here he said that he especially likes to keep up with the progress of his former pupils through the columns of the Desert Sun which he receives regularly.

He cited an interesting experience at Vaals, Holland, where he and another radio operator were billeted in the home of a Dutch woman. He taught her English while there and Mrs. Mannington has received several interesting letters from her husband's "pupil in English language."

The woman also knitted two sweaters for Mrs. Mannington which she has just received.

2 Big Days On Village Calendar

Historians will have two big days to record for Palm Springs in the future, according to a Mid-Summer news bulletin sent out by the Chamber of Commerce this week. One is June 28, 1945, the day Gov. Earl Warren signed the Tramway measure. The other will be the day the first passengers ride the aerial tram to the mountain playgrounds.

The Bulletin, mailed to members here and those out of town, related the activities of the Chamber during the summer months and the story covered three pages of newsy information.

It acquainted members with the fact that the Chamber has not been idle even during the supposed "summer slump."

Villager Will Fly Atlantic On England Visit

Francis F. Crocker, district manager of the California Electric Power company in Palm Springs, will leave today for New York, where, on August 7, he will board an airplane for England. He is planning to be gone anywhere from two months to six months. The trip is made necessary because of personal business affairs.

Mr. Crocker's destination is Weybridge, England, a short distance from London.

His trip across the Atlantic will take a little more than a day. He expects to leave New York on a transatlantic plane on the afternoon of August 7, arrive in Ireland at 6 a. m. the morning of August 8.

(Please Turn to Page 5)

Four Homes Started Here In Past Week

Nine building permits issued during the past week by A. F. Bright, building inspector, and P. M. Swart, deputy city engineer, boosted the July total \$49,100 and gave the new fiscal year a \$58,950 send-off.

So far in July, 15 permits have been issued for a total value of \$56,950. Building for the year to date now stands 179 permits for a total value of \$436,950.

Permits issued in the past week were to:

Mrs. Y. Moore, Via Las Palmas, dwelling, \$10,500.

Mr. and Mrs. Peter B. Sheptenko, 700 North Palm Canyon drive, office building, \$7000.

Mrs. Minnie Ross, 184 Camino Encanto, addition, \$4000.

Mr. and Mrs. Bryson Amos, Indian Trail, dwelling, \$8000.

C. G. Chamberlin, North Palm Canyon drive, office and store building, \$6000.

E. Sanford, 1818 South Mesa drive, dwelling, \$10,600.

J. R. Clark, 261 Via Colusa, remodel, \$800.

Eddie Brandhurst, 319 North Palm Canyon drive (Pago Pago) remodel, \$300.

Ray Hiller, 442 North Indian, dwelling, \$2000.

Red Cross Backs Swimming Class

Through cooperation of Harold West, chairman for the Palm Springs branch of the American Red Cross, free swimming instructions will be given Village youngsters on August 11, 12, and 13, it was announced Wednesday.

The classes will be held at the Desert Inn pool from 8 a. m. to noon on the days designated. The pool has been donated for the classes by the Desert Inn management.

Red Cross headquarters at Riverside made the experienced instructor available for the course.

Walter Kofeldt and Daughter Visit here

Walter Kofeldt, former secretary of the Chamber of Commerce and daughter, Elsa, are visitors in the Village this week. They are staying in Los Angeles and Hollywood for the summer months.

Mr. Kofeldt plans to be back in the Village this fall. They are guests at the Tahquitz Vista.

Remember ... It Was Friday, the 13th!

Sorry if your Desert Sun was a little late last week.

It came off the presses in time, but an accident to the delivery service held up its arrival on the news stands until late Friday afternoon.

It was Friday, the 13th, you know.

Hold-Up and Burglaries Confessed

Youngsters Give False Story, Later Admit Raids Here

Two youths, residents of San Bernardino, who first told police they had escaped from an orphan home in South Dakota, and gave fictitious names, declaring they were brothers, 15 and 16 years old, made a written statement after questioning by Sgt. O. O. Johnson of the local police force Wednesday that they had escaped from Whittier State school and committed burglaries at Olive and San Bernardino and had held up two women in Riverside.

They used a .38 caliber revolver, stolen at San Bernardino, in intimidating the two women at Riverside. They said they got \$7.25 in the hold-up.

TRAPPED IN HOME

They were arrested here in the Alvin Untermyer home, 412 West Tahquitz drive, when Pfc. J. L. Phillips, living there, heard a suspicious noise upstairs and quietly called police.

Policeman Stephen Smith answered the call and surprised one of the boys in the act of rifling dresser drawers while the other stood by with the loaded revolver in his hand. Caught by surprise, the youth was disarmed by Smith.

They were taken to the detention home at Riverside that night after giving police a false story. They admitted entering the home owned by Nate Milner and first told police they stole the gun there. They said their names were Robert and David Hammond, aged 15 and 16, and that they had fled from a South Dakota orphanage.

The arrest was on Friday, July 13.

GIVE TRUE STORY

Wednesday, however, under questioning by Sgt. Johnson, they gave their names as Delwood Steele, 14, and David Torres, 14, both of San Bernardino. They disclosed where they had cached loot taken in Olive and San Bernardino in the rear of the Carnell building and described their raids from the time they left Whittier on July 9 until arrested here July 13.

Police found the stolen goods planted as described by the boys and verified their San Bernardino burglaries. An officer from the Gate City was here this week to recover the stolen goods.

Chief of Police August G. Kettmann said their capture was due to the cooperation of Pfc. Phillips, who quietly sounded the alarm, and the work of Policeman Smith, who surprised them in the act of burglary and disarmed them before anyone was hurt.

The boys are being held in Riverside pending disposition of their case.

Palm Springs Calendar

MONDAY, JULY 23:
Civil Air Patrol, Headquarters, 8 p.m.
Tramway Victory Dinner (invitation), Mission Inn, Riverside, 6:15 p.m.

TUESDAY, JULY 24:

Palm Springs Boys Club Meeting, Chamber of Commerce, 7:30 p.m.

FRIDAY, JULY 27:
Community Hospital Executive Board Meeting, Red Cross Office, 4 p.m.

Local Chest Cash Helps Hollanders Get About Business

Holland's transportation facilities have been so depleted through deliberate Nazi destruction and Allied bombing, bicycles have assumed a leading role in helping Hollanders get about, and even tire-less bicycles have been pressed into service, says a report to Wm. B. Colburn, local Chest chairman, from the National War Fund.

Representatives of American Relief for Holland, a member agency of the National War Fund, find bicycles practically the only means of transportation in many sections in visiting homes where relief is needed, said the report. Lack of transportation facilities is so acute that even the sister of the Dutch Ambassador to Great Britain finds it necessary to ride a tire-less bicycle, according to the report, which added that a supply of bicycle tires is greatly needed in Holland to replace those confiscated by the Nazis to relieve the critical rubber shortage.

The work of American Relief for Holland is supported in part by contributions to the Palm Springs Community Chest, Inc., Chairman Colburn explained.

Two Declines and One Increase Mark Market Price List

Casaba and Crenshaw melons were added to the market basket list of ceiling prices in the "out-lying" trading area today and prices of two other products declined while one went up, according to Don Simpson, OPA food price specialist. These ceiling prices are effective Thursday and will remain in force through Wednesday, July 25:

Carrots, bunched minimum net weight 1 lb. 10c bunch.
Carrots, clipped top loose, 8c lb.
Carrots, topped without tops, 8c lb.

Cucumbers, field grown, 11c lb.
Lettuce, iceberg, large 13 oz. or more, 15c head.

Lettuce, iceberg, medium over 9 oz. but under 13 oz., 13c head.
Lettuce, iceberg, small 9 oz. or under, 11c head.

Lettuce, Romaine, 13c lb.
Onions, white dry 1945 crop, 3 lbs. 33c.

Onions, red dry 1945 crop, 3 lbs. 33c.

Onions, yellow and brown dry 1945 crop, 3 lbs. 30c.

Peas, except China, 19c lb.
Potatoes, 1945 crop, 5 lbs. 29c.

Sweet potatoes, green or cured, 2 lbs. 31c.

Spinach, except bought packaged, 14c lb.

Tomatoes, field grown except bought packaged, 24½c lb.

Apples, Northwest except crab and lady, 1944 and 1945 crops, 15c lb.

Apricots, 17½c lb.

Bananas, loose or in hands, Central American, 14c lb.

Bananas, Mexican Chiapas and Tabasco, 12c lb.

Bananas, Mexican, all other states, 12c lb.

Bananas, Cuban, 14c lb.

Cantaloupes, 10½c lb.

Coconuts, husked, 10c lb.

Sweet cherries, California, 32c lb.

Sweet cherries, other states, 36c lb.

Grapefruit, 11c lb.

Grapes, all varieties, 25c lb.

Honeydew melons, 13c lb.

Casaba melons, 10½c.

Crenshaw melons, 12c lb.

Lemons, 13c lb.

Peaches, 17c lb.

Oranges, Valencia and navel, 5 lbs. 52c.

Plums, 19½c lb.

Raspberries, ½ pint basket, 25c basket.

Strawberries, pint basket, 33c basket.

Watermelons, iced or cut, 6c lb.

Summer Activities Subject of Article

Activities in Palm Springs during the summer will be the subject of an article in the Los Angeles Times soon.

Harry Harper, who will take over active duty as secretary of the chamber September 1, will be in town Saturday to meet a reporter from the Times to aid in giving information for the proposed article.

200 N. Palm Canyon Dr.

NOTES FROM IDYLLWILD

(Now Upper Palm Springs)

By MOYA HENDERSON

The old thermometer must really be soaring down in the flatlands by the looks of the weekend crowd on the hill.

Saw Bernice and Frank Doro with Hazel and Harold West at the local night spot. Polly and Cecil Isenagie wandering about the Village. Neva and Gordon Youngs hopping down to see son Kenneth at Camp Emerson. Ruth and Kenneth DuBose lodged with the Everetts Lillies over the weekend, and Dottie and Jack Gorham up for a little rest and recreation.

There was much merriment and hilarity at the Fern Valley when Marion and Charlie Mathews entertained the Phil Boyds, Harold Hicks, James Olivers, Frank Purcells and Cathy Clifton. The occasion was Charlie's birthday and the twelve children of the assembled families sat by themselves and really enjoyed that cake.

The hayride was certainly a success. Those who emerged from the hay looked more like fodder for the horses with the exception of Jane Neel, who always has a comb handy. May Delano was having a big time with son Wendel and Trav Rogers struggled to keep up with daughter, Jimmy.

Alice and Joe Butler were late comers to the dance and Captain and Mrs. Ralph L. Hendricks of Torney seemed to be enjoying Mrs. Wicker's famous cuisine.

Hear tell that the Culver Nicholls are joining the Palm Springs colony here soon. They'll be a welcome addition. Wish the housing situation would ease up so more good friends could join us. Here they have sleeping bags for hire at the stables. Take note and make reservations early.

We'll be looking for you in the north stall.

Major W. P. Davis Returns From East

Major W. P. Davis of the Colonial House, has just returned from a trip to Boston, New York and Washington, D. C. In the latter city he conferred with army officials on his status. He was recently put on the inactive list.

With Mrs. Davis he was a guest at the Dunes this week.

New Shoe Stamp Due August 1

Shoes getting thin in the soles? Cheer up. There'll be another shoe stamp due within 11 days. On August 1, airplane stamp No. 4 in ration book 3, will become good for a pair of shoes. Airplane stamps 1, 2 and 3 in the same book, are still good for one pair of shoes each.

Last shoe stamp validated was on Nov. 1, 1944.

Village Trio Back From Mexican Tour

Ad Allegrini, proprietor of the Palm Springs Bowling academy, Al Williams and Harry Jameson returned this week from a vacation trip into Mexico.

They report a grand time, but said "they lost the revolution."

Mrs. R. R. Dunlap Celebrates Birthday

Tuesday marked a birthday anniversary for Mrs. R. R. Dunlap, wife of the local Greyhound agent and the occasion was celebrated with a dinner at the Dunes, birthday cake, ONE candle, and all.

Guests at the dinner were Mr. and Mrs. Dunlap, Mr. and Mrs. Al Legier, and Pete McCook.

Indian Affairs and Tram Matters Topic At C. of C. Rally

Earl Coffman of the Desert Inn met with the Indian Affairs committee of the local Chamber of Commerce and the Tramway committee to make a formal report of his visit to the east where he visited aerial tramways and conferred with Indian officials at Washington.

The meeting was held at the Chamber of Commerce Wednesday.

Herbert Samson is chairman of the local Indian Affairs committee and Mr. Coffman, chairman of the Tramway committee.

CPA Hears Data On Navigation

Norman Granger reviewed the instruction he has given the Palm Springs Squadron of the Civil Air Patrol at Monday night's meeting of the local group at their headquarters, 311 South Palm Canyon drive.

Six new members were brought into the local squadron at the meeting, bringing the membership to 50.

Commander Edwin Stephens presided at the session.

Idyllwild to Stage Another Big Time Aug. 4

Idyllwild is planning another big time on Saturday, August 4. A rodeo is on the program and a barbecue and dance.

Music will be by Glenn Moore's Desert Music Makers.

A large Palm Springs colony in the mountains for the summer, and a large contingent of Village week-enders are planning to take in the affair.

Four Village Scouts at Camp

Four boys from Palm Springs Boy Scout Troop No. 39, are at Camp Emerson, near Idyllwild, for the third camp period which opened July 15.

They are Donald DuBose, Jack Hookey, Dick Raun and Kenneth Youngs. The period will end on July 22.

Juvenile Problems Discussed Tuesday By Global Gabbers

With Mrs. R. Wilcox in charge, a discussion of juvenile delinquency occupied members of the Global Gab group Tuesday night at the Chamber of Commerce. Anne Goldberg was chairman for the evening.

The discussion which followed presentation of the paper brought out that broken homes and working mothers played a large part in the problem. The latter cause was found to be especially prevalent in defense plant areas. It was also pointed out that many cities, because of the war time boom, had outgrown their playground and school facilities, contributing to the general let-down.

Next week Leah Nolan will be in charge of a discussion of Radio: Government Control or Commercial Sponsorship.

The meeting will be held at the Chamber of Commerce Tuesday evening.

Three Birmingham Teams Will Meet Torney on Sunday

Torney General hospital plays host to the Officers, WAC and EM softball teams of Birmingham General hospital Sunday. The Special Services branch has announced that the games will be played at the Palm Springs Field Club beginning at 5:30 p.m.

The three games should provide top entertainment for sport fans, since all of the Birmingham teams sport fine records. The EM team boasts a hurler who has given up only seven hits all season.

The Wac ten will provide a tough test for the Torney girls, since the locals have met no outside competition to date, and need the experience if they're going to win games in the forthcoming Service Command tournament.

Lions Come From Behind to Defeat Indio Ball Team

A blistering homer with the bases loaded in the last half of the seventh inning gave the Palm Springs Lions Club softballers a spectacular 12-11 victory over the Indio Elks on the Field Club diamond Wednesday night.

Left Fielder Paul Corbisero, making his debut with the Lions, poled the ball to the left field fence in the final frame with two out and his team trailing 9-11, in what seemed a hopeless situation. Corbisero also got a triple in the fifth.

Earlier in the contest Pitcher Bob Gauff of the Lions helped himself to a homer while Wilbur Henkel, playing first for Indio, got a four-ply swat in the fourth.

Behind 1-7 in the fourth inning, the Lions fought an uphill battle that was marked by the brilliant play of Catcher Jack Gorham, First Baseman "Tex" Driskell, Buckshort Milt Hicks and Shortstop Murray Smith.

The Lions, managed by Harold West, are currently the undefeated leaders of the local softball league and plan a trip to Indio for a return game with the Elks. Jack La Rue worked behind the plate and Frank Partridge umpired the bases.

Mr. and Mrs. Jim Taylor and daughter are spending a vacation at Laguna Beach in the A. F. Wright cottage.

ACTION—Servicemen at the 5th OTU, army air base here, get in some fast licks in their volleyball league. (Official U. S. Army Photograph).

B Squadron's Victory Marks Volleyball Loop

The 5th Operational Training Unit volleyball league play was highlighted by Squadron B's victory over Squadron A.

Fighting an uphill battle after having dropped the initial game 15-13, Sgt. Moran's men took the next two games 15-13 and 15-11 to keep them tied with Squadron C, who downed the Civies in two straight games.

As expressed by Lt. Louis Oshansky, physical training officer in a post game, "That's the way volleyball should be played," and this can be verified by the fact that it took over an hour to get a final verdict. Every point was bitterly contested as the defense of both teams became tightly knit, but the superior net plays in the way of well-placed spikes gave the "Bombers" the nod.

The defeat dropped the Administration boys into a tie for third place with Squadron E, who won the odd game from the Medics 15-5, 13-15, 15-4, the "Needle Boys" taking over sole cellar position.

The third game of the evening saw the Air Mechs take two straight games from the Civies, 15-16, 15-10 and cling to their two-way tie for the top rung with Squadron B.

At the half-way mark of the schedule, Squadrans B and C must maintain their present pace and then both teams shall try to win that all important game slated for July 25 when these two teams take the court against each other.

County Polio Group Meets at Riverside

Riverside's chapter of the National Foundation for Infantile Paralysis held an executive committee meeting Friday in the supervisor's room of the courthouse.

Three newly elected officers, Capt. Thad Wilson, chairman; Hal D. Crane, vice-chairman; and Mrs. Anna S. Wilson attended their first meeting.

Also present were David Larson, Los Angeles, national representative of the infantile paralysis association; Dr. Warren Fox and Mrs. Nestor N. Brule.

Mrs. Charles J. Burket is Palm Springs chairman for the foundation.

Lions Lead League Without Defeat In Second Half

Palm Springs Lions Club, only civilian team in the current night softball loop, are "in" as champs of the second half of the season as result of two victories in the past week. They have a record of five games won and none lost.

Their nearest competitors, the Torney Enlisted Men, have three victories, one loss and one tie to their credit and cannot catch up. Torney EMs won the first half of the season.

The Lions, behind the excellent pitching of Albert Gauff, trimmed the 5th OTU Officers 4 to 1 last Thursday and then downed the Administration Bombers 8 to 1 Tuesday night.

In last Thursday night's game, the officers took an early lead and held it until the fifth when the Lions started blasting and iced the game.

Last Tuesday night, the clubmen took no chances and went out in front to set the pace throughout and win by seven lengths. Harold West is manager of the Lions team.

Standings of the second half as of Tuesday night:

Teams	Won	Lost	Tied	Pct.
Lions	5	0	0	1000
Torney EMs	3	1	1	700
5th OTU				
Officers	3	2	0	600
Sup. Mechs	2	3	1	416
Torney				
Officers	2	3	0	400
Adm.				
Bombers	0	6	0	000

5th OTU Softball All-Stars Cuffed By Long Beach, 1-0

The All-Stars, softball team of the 5th Operational Training Unit, Army Air Base here thought that lightning just couldn't strike twice in the same place.

Just the same it was a heart-breaking game for the All-Stars who having suffered one defeat at the hands of the 6th Ferrying Group team, on their own home grounds, traveled all the way to Long Beach and were again set back by a score of 1 to 0.

Both pitchers, Dukes for the 6th and Baugher for the All-Stars kept chucking shut out ball going into overtime, however, in the first half of the ninth inning Berbisly flied out to left field, for the Long Beach aggregation. Taglarino next up was safe at first on an error by the short stop.

Then it was Simon's hit which sent Taglarino around to third and Williams won the ball game at the expense of the All-Stars with a single left field scoring the one and only run.

Errors by the local team six in all, kept Baugher in trouble throughout the game. Until the 9th inning he was able to work his way out of the hole.

Mrs. P. M. Swart, wife of the deputy city engineer, is spending a few weeks at Barton Flats, in the San Bernardino mountain area, on vacation.

Shirley Allegrini, daughter of Ad Allegrini of the Palm Springs Bowling academy, and Mrs. Allegrini, is at Loma Linda for treatment of an ear infection.

Registration for Torney Tourney Now Under Way

Torney General Hospital's Special Services Branch announced today that registration is now open for the all-Torney Golf Tournament which is scheduled to be played from August 8 to 13 at the O'Donnell Golf Club.

Enlisted entries from the hospital may secure clubs free of charge at the Club House. Officer and civilian personnel of the hospital will be charged a small fee for clubs.

The tournament will be divided into two groups, one of those shooting 49 or under and another for players who score 49 or over. Thirty-six holes will be played during the tournament with players privileged to participate each Thursday, Friday, Saturday and Sunday.

Officials will be 1st. Lt. Arthur W. Reardon, S/Sgt. Russell Genich and Sgt. John Leslie of the Special Services Branch.

White Sox Lose To Boys' Squad In Initial Game

The Palm Springs White Sox, the recently organized colored girls' softball team, played its first game last Friday night at the Field Club and gave the boys' team which had had the benefit of several day's practice, a real tussle.

The boys finally won 27 to 11 but it wasn't as easy as the score sounds.

The girls' team was under direction of Augustine Crossley.

The game was under the sponsorship of the Youth Activity committee of the Lions club, Frank Partridge, chairman, and Johnny DeVine and William Veith.

For Essential Transportation—Yellow Cabs. Phone 4444.

Youngsters Hold Officers to Tie In Speedy Game

With Al Crossley doing the pitching and Dick Doro behind the plate, a bunch of youngsters, in an abbreviated game, held the Torney Officers to a scoreless tie at the Field Club one night this week.

Pitcher Crossley almost broke it up with a triple but died on third.

Wednesday the Lions Club juniors met the Army Air Base Civilians at the Field Club and next Monday the Lion Juniors will take on the Banning All-Stars, composed of high school ball players.

Under direction of Frank Partridge, Youth Activity chairman for the local Lions club and Chief of Police August G. Kettmann, youngsters of the Village are competing in softball Mondays, Wednesdays and Fridays of each week at the Field Club. More than 35 youths are showing up three nights a week for baseball.

In addition, two colored girls teams are meeting each week, Mr. Partridge reported.

Torney to Stage Softball Tourney

At the conclusion of the current Palm Springs Army Soft Ball League, about August 20, Torney General Hospital will conduct an intramural tournament with eight teams participating.

Teams and managers as announced by the Torney Special Services Branch are: Special Services, Sgt. John Leslie; Headquarters, T/4 Charles Singerman; Clinics, Lt. Col. Willard L. Nielson; MAC Officers, Lt. Francis Downs; Medical Officers, Major Sam Gendel; Reconditioning, 1st. Lt. John Sutton; Enlisted Detachment, Captain Norman E. Roberts; Medical and Surgical Services, Pvt. Mike Mayo.

Local Softballers In Tournament

Hoping to qualify for Ninth Service Command District Softball Playoffs scheduled for August 8 to 12 at Birmingham General Hospital, Torney enlisted softballers will meet either Camp Irwin, Camp Haan or Camp Anza soon.

Winner and runner-up at Birmingham will go to San Francisco to compete in Command finals at Fort Scott. Torney WAC and Civilian players will join forces to form a team which will meet other women at Birmingham during the meet.

City Building Inspector Arthur F. Wright and Mrs. Wright and children have returned to the Village after a brief stay at Laguna. They plan to return to the coast in August for another vacation tour.

For Essential Transportation—U-Drive Cars. Phone 4444.

Torney Swimmers To Seek New Honors

Finalists in the recent Special Services Swimming meet at Torney General Hospital will compete with other Ninth Service Command swimmers in an all-Command meet which is scheduled tentatively for the end of July at Fort MacArthur. Participants will be Mary Partey, ARC; Sgt. John Leslie, Pvt. Al Nakamitsu, T/5 Wm. Horton and Pfc. Wm. Hines.

Sheriff's Radio To Be Strengthened

County supervisors Monday authorized the purchase of land in the Whitewater vicinity for a sheriff's radio repeater station.

Sheriff Carl F. Reyburn told the board that atmospheric conditions in the desert area make repeater stations necessary, if satisfactory radio communication is to be maintained.

Delegates Chosen For Legion Session By Village Posts

Members of Owen B. Coffman Post, No. 519, American Legion and the Legion auxiliary met Tuesday night at an outdoor supper session at Walter Illick's Rancho Trailer Park.

Business session was devoted to discussion of the pre-convention caucus to be held next Sunday at Riverside. Post Commander Harold Lienau, Jay Morrison, Stranton Griffing and Fred Strombaum will attend as delegates from the local post. Mrs. Lienau and Mrs. Morrison will attend as delegates from the auxiliary.

Commander Lienau presided over the Legion session Tuesday night and Mrs. C. V. Knupp, auxiliary president, over the activities of that group.

Cathedral City

W. R. HILLERY

My apology to Mrs. Donald N. (Virginia) MacDonald, daughter of the late Peter R. Ritchie. Lacking any data on the Ritchie family other than my memory, I gave Mrs. MacDonald's name as Campbell. A lengthy writeup in the Alaska Weekly was the first knowledge that I had made the error and later we heard from Mrs. James K. (Mary Ritchie) Wolseth, Mrs. MacDonald's sister, enclosing the Bell, California, papers with the more detailed story of Mr. Ritchie and his family. Mrs. Wolseth asked that we extend her thanks for the many evidences of friendship of the people of Cathedral City. Incidentally, she mentioned my error but whimsically, said it did not matter as it was still a good Scotch name. The Wolseths expect to return to their Desert Lodge in the early fall and we presume that Mrs. Ritchie will come home with them.

Few if any are more consistent in their free gift of time to the community of Cathedral City than Mrs. Chester (Marie) Ide. One of her activities has been the operation of the free library which we hope can be housed in its own quarters as soon as money and material are available. It has been suggested and the idea seems reasonable, to build a plain structure on the lot owned by the Association next to the Town Hall where the library is now operated. It will serve during the interval until the grander plan develops for the future. Only a very few have used the facilities of the library during these warm days, so after the July 31st schedule there will be no further open hours until Oct. 2 when the winter schedule will go into effect.

On July 23 at the Mission Inn in Riverside there will be a Victory Dinner celebrating the Tramway bill's passage. No doubt, plans for the future development of the plan will be outlined. Invited to represent Cathedral City are Claude S. Cobb and W. R. Hillery.

A letter from Mrs. Joseph J. Brown from Henderson, Nevada, reports Mr. Brown, who recently underwent an emergency op-

eration, as doing very nicely. It is the intention of the Browns to return to their Cathedral City home this fall.

Dan Plum who did such a fine job of cleaning the streets this spring has done a creditable job about the village water reservoir and about the well. Some residents are still cluttering up the desert with dumping trash on the outskirts of the village. The unfair part of it is that someone else has to clean up the mess they make.

Oscar Levier has installed new tubing in the water pressure service. Efforts to insure constant supply are going on. Certain control instruments are not available, although requisitions are in for them. We have asked Dr. Brandt to assist to the extent that should we be away and the pump forget to start when it should that he punch the reset switch to start it going.

Mrs. Ida Weeber did a good deed Sunday, when after visiting the Headleys at Thomas Mountain, she carried a message for us that gave us one more cool night in the mountains. Mrs. Mae Johnson of the Hill and Johnson combination of the Peter Pan bakery of Palm Springs was a business caller here this week. The ladies are sojourning at Idyllwild.

H. E. Colglazier has under construction a fine dwelling west of his home place. Dr. J. J. Almacey continues to peg away at his commercial building on the Highway. Claude and Edna Cobb likewise take a few more licks at the future post office building and this week the floor is being run. The structure will be well cured when the finishing operation takes place this fall.

Fisherman when he is not the grocerman, Ray Potter should boast of what a wonderful place Crestline is with its pleasure lake. The good will built up between the military of Torney hospital and the desert area citizenry was further cemented by a luncheon at that institution Wednesday, given to a group of business men by Commandant Col. Jones.

Banning Woman Heads County Board of Education

At a meeting of the county board of education held last week in the office of E. E. Smith, county superintendent of schools, Mrs. Daisy S. Wing of Banning was elected president of the board.

Mrs. Wing has been interested in the schools during her long residence in Banning, having served on the school board at one time. She has been a member of the county board for a number of years.

Lt. Farrell Will Visit in Village

Back from the Pacific war where he spent nine months as personnel officer with a group of navy pilots who made the first raids on Tokyo, Lt. Charles Farrell, former movie star, will spend his leave with his wife, Virginia Valli Farrell, at the Racquet club here.

Lt. Farrell said he saw about 35 kamikaze planes crash, due to the accuracy of navy gunners diverting the attacks of the suicide planes.

Cold-treated cutlery are knife blades, razor blades and other cutlery pieces that have been subjected to freezing at 150 degrees below zero Fahrenheit; the grains of steel are refined, making for better hardness and stability.

Garcia Held Negligent in Bus Accident

Santos M. Garcia, 17, of Banning, was charged with negligence by a coroner's jury investigating the truck-bus collision near Colton Wednesday of last week which claimed the lives of an army nurse and two soldiers from Torney hospital in Palm Springs. He had previously been charged with manslaughter in a complaint filed by Highway Patrolman M. E. Milleman in Colton township.

Testimony revealed that Garcia's truck hit the army bus when he pulled out of a traffic lane to pass another vehicle.

Pfc. Leonard O. Hammontree, driver of the bus, and two passengers, T/5 Verne J. Haegg and Pvt. Edwin B. Pierce, testified at the hearing. Private Hammontree said that the bus was in the south lane of traffic when he saw the approaching westbound truck move from the north to the middle lane to pass a car going in the same direction.

The bus driver said he gradually pulled the bus to the right, but the truck continued further south and sideswiped the bus.

Catholic Services Daily At Air Base

Catholic services are being held each Sunday morning at 9:30 at the 5th OTU army air base here. Father James, in charge of Our Lady of Solitude, Catholic church here, said this week.

Week-day services are held at 5:15 each afternoon. During the summer months, one Mass is being said Sundays at the church, 151 West Alejo road, at 8 a.m.

FROM FOREIGN PARTS

The captain was having his shoes shined, and the shoe-shine boy became interested in his insignia. "What army are you with?" the lad asked. "Canadian," was the reply. "No kiddin'?" gasped the boy. "Let's hear you speak some Canadianian."—Armored News.

Rainbow Room to Re-Open Tomorrow After Remodeling

Redecorated, enlarged and refurbished, Earl Gray's Rainbow Room in the Royal Palms hotel will reopen tomorrow afternoon after a brief closure.

New booths have been added, the former one reupholstered, new carpets laid and the bar itself remodeled and redecorated. Merritt R. Smith will continue as manager of the Rainbow Room and excellent entertainment is planned later in the season.

TWO NEW SPOTS

Mr. Gray also announced that the new Royal Palms coffee shop and Rolly Room would be opened about October 1. Both are in the Royal Palms building. The coffee shop will be situated where the alley entrance was formerly, and the Rolly Room where Orange Julius and the Flower shop were.

The coffee shop will be in charge of Kay Goodwill, while Rolly Gray, son of Mr. Gray, will operate the Rolly Room.

FINEST IN TOWN

Mr. Gray plans to make the latter the finest lounge in town. It will have a three-station walnut bar, an oyster bar, luxuriously upholstered stools and a few cocktail tables.

Remodeling of the storerooms in the Royal Palms building has been under way for the past few weeks. A formal opening is planned when the new season gets under way.

Earl Hough Joins Weingarten Staff

Alvin Weingarten, well known Village insurance broker, said this week that Earl Hough, former service station owner here, would be association with his office this fall.

Mr. Hough has been a resident of Palm Springs for some time and is well known and popular in the Village.

Believed to be a world record, Blue Boy, a racing pigeon owned by Joe Rolski of Winnipeg, recently flew from Bassano, Ala., to its home loft here, a distance of 740 miles, at better than 50 miles an hour.

Cracking the finger joints is a form of greeting among many African tribes.

Advertisement

One of the most common complaints runs about like this: "I water my garden nearly every day, yet it always looks wilted and droopy. My Lantana is turning yellow and does not seem to grow at all."

The chances are that you are wasting a lot of water. Mainly, because water is a poor diet for you or your garden. True, water is most essential, but plants need food for strength and vigor. A well nourished shrub can withstand a lot of hot, dry weather and survive.

So... what to do about it?

Frankly, you are wasting your time and effort, and much water if you fail to use at least a small application of commercial fertilizer. An amateur can apply either Magic Garden, Vigoro, or Wonder-Gro fertilizers and obtain satisfactory results. The products come in small handy packages of five pounds or you may purchase the large bags.

Remember, too much water at one application will send the fertilizer deep into the sand and beyond the reach of the roots. Frequent light irrigations are recommended for very sandy soils.

Old-Time Friends, Separated for Four Years, Meet Again At Local Air Base As Big Army Hospital Ship Comes In

Two former students of the Long Beach Junior college, and members of the Junior Chamber of Commerce of that city, now Army Air Force officer pilots, met in Palm Springs last week for the first time in almost four years.

Their meeting, also the first since that day they marched off to war in 1942, found one flat on his back, the burden of two stretcher bearers, just returned from a German prison hospital, and the other tall and erect and only alive by a miracle instead of at the bottom of the North

Sea where his B-17 Flying Fortress now lies in exploded pieces.

FULL OF DRAMA

The two actors in this drama occurring under singular circumstances and filled with that type of pathos which more than likely wrung the hearts of those who witnessed the scene, were First Lieutenant James A. Myl, of 1418 Gardenia Avenue, Long Beach, and 2nd Lieutenant Wayne Grisham, whose wife, Mildred, resides with the officer's parents, Mr. and Mrs. Opal F. Grisham, of 5950 Brayton Avenue, Long Beach.

Lt. Myl, recently returned from combat service as pilot of a Flying Fortress, and now public relations officer of the 5th Operational Training Unit, Ferrying Division of the ATC, Palm Springs Army Air Field, was watching the unloading of litter cases from a C-47 hospital evacuation airship which had just landed at his base.

STARTLES WATCHERS

Suddenly he startled those present by shouting the name of Wayne Grisham and rushed to the side of one of the litters just unloaded. The Second Lieutenant could not raise his body very high off the stretcher to greet his former college chum. He was in a case which enveloped his body from the base of his neck to the tip of his spine. Nevertheless, there was a vigorous handclasp and simultaneously both let loose with a torrent of words hardly more than a jumble of animated sound.

Meanwhile the stretcher bearers kept moving, and their handclasp, with Lt. Myl keeping pace, only ended as his friend was being loaded aboard an ambulance

REUNION—First Lieutenant James A. Myl aiding his former college classmate, Second Lieutenant Wayne Grisham, aboard a C-47 airplane, similar to the one in which he flew as a litter patient from Mitchell Field, New York, to Palm Springs, where they met for the first time in more than four years. Lt. Grisham is wearing a cast due to a compression fracture of the spine suffered when his plane crashed in enemy territory.

which was to take the injured man to the Torney General Hospital in Palm Springs.

TOLD BY OFFICER

"I'll be seeing you at the hospital tomorrow, Wayne," shouted Lt. Myl as the ambulance door slammed shut and was driven away.

This story which just came to light was related by an officer of the 5th OTU whose duty it is to be present on the parking ramp when the hospital ships arrive with patients for the Torney General Hospital. Yesterday Lt. Grisham, still in his cast, was the guest of his friend, Lt. Myl. Tomorrow he was going home, he said, on a 30-day leave from the hospital. Maybe, when he returned, he declared, the doctors would take the cast off. "Maybe," he repeated, shrugging his shoulders.

He suffered his injury, a compression fracture of a vertebra, when the Thunderbolt he was piloting was shot down by flak and crashed into a lake. His plane sank rapidly and he does not remember extricating himself from the cockpit. Only the tail remained above the surface. He clung on to it until his head, which sustained an ugly gash to his forehead, cleared a little, and

he started swimming for shore. There waiting for him were the very Germans who had shot him down.

GETS GOOD TREATMENT

"I don't know how I made it," he declared. "My chute was still strapped to my back and my spine felt as if it were on fire. There's something inside of a man which makes him fight to live. I know this anyway, if I had not been able to swim the entire distance, not one of those Germans would have made a move to save me."

He said he was taken to a hospital and a German doctor sewed up his head. "I got good treatment there. But I think the reason for this was that I was the first American ever seen in this part of Germany."

He was only a prisoner for ten days when the hospital was captured by Americans of the 71st Division.

HAS SOUVENIR

"Every day the hospital attendants would come and tell me how far the Americans were from the town," Here he smiled. "A couple of days before it was captured, the German doctor gave me his pistol and told me to keep it as a souvenir."

On comparing notes and missions flown with Lt. Myl, both declared that Lt. Grisham probably flew as protecting fighter cover for the bombers, one of which may have been piloted by his former Long Beach classmate.

The public relations officer is a member of the Caterpillar club by virtue of having bailed out of his Flying Fortress over the North Sea a moment or two before it exploded in the air. The average life expectancy of a man in these icy waters has been computed at 30 minutes. However, by some miracle, fortitude and experience as a swimmer learned in the ocean around Long Beach, Lt. Myl survived three hours before being picked up by an English rescue boat.

THREE DAYS FROM PARIS

The things which still interest Lt. Grisham are aeroplanes. He spoke of his trip on a C-54 hospital evacuation plane, operated by the Air Transport Command from Paris across the Atlantic Ocean to New York in slightly more than 20 hours. It was the first time he had ever flown an ocean. At Mitchell Field, New York, he was transferred to a C-47 aeroplane for the two-day journey to Palm Springs.

"The nurses aboard those ships look after you as if you were a baby," he said. "And was I surprised to see Jimmy Myl when I landed."

Pomonan to Talk At Two Services Here Next Sunday

The Rev. Peter Beard of Pomona, a graduate of the Pacific Bible Institute, will preach both morning and evening at the Community church, Mrs. George B. French, in charge of summer services at the church, said this week.

His morning topic, at 11 a.m., will be "Your Reasonable Service." In the evening, at 7:30 o'clock, he will speak on "The Death of Christ."

Sunday school will be held at 9:45 a.m.

Services at the Community church will continue every Sunday with ministers from the outside bringing the messages.

Stephen Smiths On Way to Old Home

Mr. and Mrs. Stephen Smith are en route to the old home state of Illinois today, to spend a month visiting friends and relatives.

Mr. Smith, a member of the police force, has been granted a 30-day leave of absence.

Rotary and Lions Luncheon Guests At Torney Hospital

Palm Springs Rotarians and Lions were guests at Torney General hospital at their combined meeting Wednesday on an inspection tour and dinner at one of the mess halls. About 35 club members were present.

Prior to the luncheon, Lt. Col. C. M. Prince conducted the visitors on a tour of kitchens and bakeries at the hospital. Following that, the clubmen boarded a bus and were taken to the mess hall where an excellent luncheon was served them.

Col. A. B. Jones, commanding officer of the hospital, took several of the guests on a tour of the reconditioning wards following luncheon.

Col. R. J. Goewey, commanding officer of the 5th OTU, army air base here, was a special guest.

Ask Interest Be Revived in Plans For Feeder Lines

The Chamber of Commerce was in receipt of a letter this week from James G. Ray, vice-president of the Southwest Airways company, informing them that some time in the near future, the Civil Aeronautics Board will formulate its policies on feeder air line franchises.

"While hearings were on last year, communities displayed much interest," Mr. Ray wrote. "Since that time the tendency logically, has been to mark time awaiting the board's verdict."

"But there is danger that lack of expressed interest at this time may be construed as indifference."

The airline company asked that communities interested in air line service should keep their programs before the board so that its decision would be based on the needs of smaller towns for direct airline service.

Congressman Says Army at Fault in Railroad Crisis

In statements made last week, Congressman John Phillips of Banning and Alfred J. Elliot, Jr., also from California, blamed the army for destroying the American railroad system by mismanagement and declaring the army is responsible for the loss of \$1,000,000 worth of food each day.

The two congressmen warned farmers that the embargo on week end freight shipments, now causing extensive food spoilage in California and Arizona, probably would be extended to the middle west. Before making their statements the two congressmen had met with federal food and transportation authorities in an effort to have the embargo lifted.

Col. J. Monroe Johnson, office of transportation director, said there was no immediate prospect of cancellation of the order, which prohibits transportation of fresh fruits and vegetables each week end until August 31. Johnson said the embargo was necessary because of manpower and equipment shortages.

The congressmen quoted Johnson as placing direct responsibility upon the army because it did not prevent the drafting of most of the nation's skilled railroad workers. Johnson said he asked the army a month ago that soldiers with former railroad experience be granted furloughs to meet transportation demands.

Phillips said that more men were employed on railroads during the last war when only a small percentage of the freight now being shipped was handled. He said there were only 400,000 railroad employees today, half of which were women. At least 600,000 were needed immediately, he said.

Elliot and Phillips said the office of price administration and

the office of defense transportation were meeting to adjust food prices in order to alleviate some of the loss farmers would suffer as a result of week end crop spoilage.

Because of the lack of refrigerator cars, there is no way that perishable fruits and vegetables can be saved, the congressmen warned. They said it would be impossible for California and Arizona to meet their share of the nation's food production quota.

Over 5,500,000 grauefruit trees were in production in Florida, Texas, Arizona and California in 1942, with approximately 44 per cent of the acreage in Florida.

SERVING ALL THE WEST WITH DEPENDABLE TRANSPORTATION

GREYHOUND

Pardon our BOTTLENECK!

We have man-power troubles, too!

Here's the situation: The Government has partially lifted line construction restrictions. It is now legally possible for us to extend electric service into many areas not heretofore served.

We're behind schedule: Due to the shortage of manpower, we are behind schedule, but doing the best we can.

A PROMISE: We shall continue to do everything within our power to bring electricity to these areas as quickly as is humanly possible. Men are being put to work as fast as they become available. We thank you for your patience and co-operation.

With the Boys in the Service

Villager, Survivor of the Old Cruiser Chicago, Veteran of 50 Naval Battles, Still in Active Service in Pacific

Survivor of the old cruiser, U.S.S. Chicago, and a veteran of more than 50 naval engagements, Roderick W. Dalzell, seaman, first class, USN, son of Mrs. Ellen A. Bernard of Palm Springs, has seen action in the Pacific ever since December 7, 1941.

Sgt. Lux Hopes To Be Back Here Early This Fall

Sgt. Bill Lux, former member of the local police department, now in the army overseas, hopes to be home this fall, Mrs. Lois Lux, his wife, well known local musician, said today.

Sgt. Lux, in the service for almost three years, hasn't been in the Village for the past two and one-half years. He is stationed in England and recently spent a short furlough touring Scotland.

Now serving with an anti-aircraft crew on the light cruiser, USS Oakland, Dalzell still is in the forward area.

He enlisted March 12, 1940, taking recruit training at San Diego. From there he was assigned to the Chicago.

SUNK BY ENEMY

Just outside of Pearl Harbor at the time the Japanese struck, she proceeded to the South Pacific, operating in the Coral Sea battle and the invasion of Guadalcanal. It was during the invasion that the Chicago was hit the first time and had to return to the States for repairs.

Returning to the South Pacific to operate with a task group in the attempt to intercept the Japanese in the evacuation of Guadalcanal, the Chicago, after a terrific all-night battle, was sunk the next day by the enemy.

Dalzell was rescued by a destroyer and taken to Espiritu Santo, and later evacuated to the mainland.

IN MANY BATTLES

After a survivor leave, he was ordered to report to the USS Oakland, a newly commissioned light cruiser.

Steaming once again into the combat zone, he saw his first action in the capture of Tarawa and Emirau; raids on the Marshall Islands; support of landings on Hollandia; strikes on Guam, Rota and the Volcano and Bonin Islands; the Battle for Leyte Gulf, and raids on Chichi Jima, Haha Jima and Iwo Jima.

Dalzell wears the American Defense, American Theater and Asiatic-Pacific Theater ribbons, with 13 battle stars, and the Philippine Liberation ribbon with two stars.

5th OTU FACTS

Sergeant Hubert Headley, assigned to personnel services and doing a swell job as assistant to First Lieutenant Ashley T. Hawn, information and education officer, was, prior to his entry into the Army, associate professor of music at the Santa Barbara State college, branch of the University of California.

High Awards Given Patients at Torney Hospital Ceremony

Two Silver and two Bronze Star Medals, third and fourth highest decorations awarded by the War Department, and 22 Purple Heart Medals were presented to patients at Torney General Hospital last week.

Receiving the Silver Star were Technician Fourth Grade Willis C. Watson of Bertram, Texas, and First Lt. Stuart A. Rae of Beloit, Wisconsin. The decoration is awarded for gallantry in action.

Bronze Stars were presented to Pfc. Loy A. Davis and T/5 Grayson L. Lynch for outstanding and heroic achievement against the enemy in the European theater.

Men with battle injuries who received the Purple Heart Medal were Pvt. Richard Brown, 1st Lt. Frank W. Hunter, S/Sgt. Lyle A. Scott, Sgt. Ben T. Woodard, Pfc. James J. Meador, Cpl. Gordon H. Whitwell, T/5 Leilan L. Brand, Pvt. George F. Oliver, Sgt. Wm. D. Finley, Pvt. Harold J. Morrison, Pfc. Rufus L. Dudley, T/5 Emory T. Avey, Pfc. Dale L. Sheets.

Pfc. Boyd L. Hill, Pvt. Fred F. Kelley, Pfc. Rabb T. Kimmel, Cpl. Alvin A. Bowman, Pvt. Harry J. Terasaki, Pvt. Charles T. Schmidt, 1st Lt. Herman W. Adams, Pfc. Don L. Mitchell and Pvt. John Jocham, Jr., who was also authorized to wear the Distinguished Unit Badge awarded to his outfit, the 2nd Battalion, 168th Infantry Regiment.

Army Award Given Local Flyer for Flying the Hump

Flight Officer Walter J. Krohne, Jr., pilot, of 1862 South Palm Canyon drive, has been awarded the Distinguished Flying Cross, it was announced by Brig. Gen. William H. Turner, commanding general of the India-China division, ATC.

F/O Krohne was formerly stationed at the army air base here. The award was made for 300 hours of operational flight over the difficult India-China air routes, over the Hump, the route recognized by airmen as the world's toughest as it crosses the towering peaks of the Himalaya mountains.

The award was made for the period of service between Nov. 16, 1944, and March 31, 1945.

Village Girl Now In WAC Training

Private Elfreda Schull, who with her mother, Mrs. F. Schull, was a Villager for 12 years, has enlisted in the Wacs and is now at Fort Des Moines for training. She has asked for overseas service.

When the war is over, she plans to make her home here again.

Village Soldier Praises Red Cross Activity Overseas

Cpl. Emil A. Knorr, well-known former Villager, who operated a package delivery service here, is attending an army university at Florence, Italy, according to word to the Village.

"Having only 82 points, I did not get to come home," he wrote friends. "Was transferred to my present outfit which, I understand, will stay here and police Europe for a while."

The university he is attending was built in 1937 as an aeronautical college and the buildings and campus are in modern style, he said.

LAIVSHLY TRIMMED

"The interiors are lavishly trimmed in marble of different hues and are very imposing. The setting is nice, close to the Arno river, a short way from town, with plenty of trees, a thing to appreciate after the bare plains of Foggia where I was stationed most of the while."

"The recreational facilities are good, with gymnasium, swimming pool, volleyball and tennis courts, a Red Cross club. Wherever I have been in Italy, Foggia, Naples, Rome, and a lot of other places, there has been a Red Cross outfit with its services to the men in uniform."

PRAISES RED CROSS

"If hungry, they provide snacks, cakes, cookies, ice cream, coffee and cold drinks; if you are interested, they conduct tours to spots of historical importance, they arrange dances and parties and shows, provide showers and barber shops and furnish books and magazines and game rooms."

"Also a necessary thing for us—package wrapping service and sewing."

"And in the hospitals—everything you need. The Red Cross is doing a grand job overseas."

"My son wants to be an auto racer. What shall I do?"
"Don't stand in his way."

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By Sgt. Vic Blanks

By SGT. VIC BLANKS

The dream of every army wife came true for one of Torney's army wives last Thursday, July 12. Mrs. Dorothy Engstrom, wife of Sgt. Theodore W. Engstrom, ex-editor of Torney Topics, was the lucky girl whose husband received his discharge from the service.

However, it all came about rather differently for these two, because Dorothy herself discharged her husband!

Mrs. Engstrom started to work in the Separation Section in April of 1944, and since that time she has handed discharges to over 1600 soldiers. She came here originally to be with her husband, Ted, after he had been critically injured in a jeep accident on desert maneuvers near Camp Young, California.

For five days after being brought to the hospital it was not certain that Engstrom would recover, but when he did, Dorothy went to work at the hospital.

Engstrom, then a private first class, was in the hospital for five months. He was then assigned to limited duty, 1976 SCU, and became editor of the Torney Topics the middle of September, 1944, at which job he remained until two weeks ago when another injury irritated the old wound and he again returned to the detachment of patients. He

had been promoted to sergeant last spring.

This all led to last Thursday and the happy day for the couple. Ted and his wife are returning to Grand Rapids, Michigan, where Ted is book editor for the Zondervan publishing house, and editor of the Christian Digest, monthly magazine dealing with religious subjects.

GRANT W. TIGNER

A brilliant portrait artist, whose hobbies include water color painting, public speaking and reading, Grant W. Tigner is now sketching the men of Torney General Hospital. He arrived July 16 and will work until Saturday under the auspices of USO Camp Shows, Inc.

A new potato harvesting machine digs, brushes, grades and boxes the potatoes in a continuous operation.

4-8-8-4

Railroaders identify various types of locomotives by the number and arrangement of wheels from front to rear. The Union Pacific locomotive pictured above is known as a "4-8-8-4" . . . two pairs of small wheels in front, then four pairs of driving wheels followed by a similar unit, and two pairs of smaller wheels in the rear—not including the tender.

The "4-8-8-4" type is Union Pacific's largest and heaviest steam locomotive; informally christened "Big Boy" by the men who built it. This giant of the rails is 132 feet in length and weighs approximately 600 tons. Water

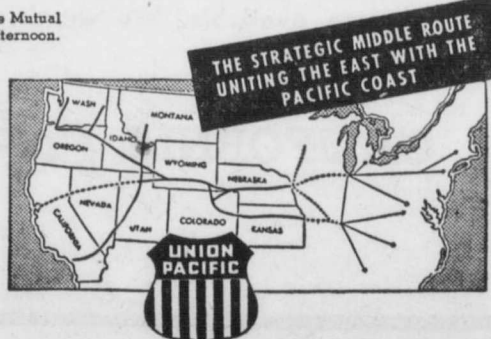

capacity is 25,000 gallons; fuel 28 tons. A fleet of 25 "Big Boys" is now in Union Pacific service. Built primarily to haul heavy freight loads on western mountain grades, they have proved invaluable in transporting tremendous quantities of war materials over the Strategic Middle Route, uniting the East with the West Coast.

The "Big Boy" is a typical example of American industrial skill and labor, sparked by the spirit of individual enterprise; the spirit that 65,000 Union Pacific employees are working and fighting to keep alive, to build a bright future for your America.

Red Cross Course
In Water Safety
Completed Today

Instructor training in convalescent swimming, water safety and life saving which has been in progress at Torney General hospital under the direction of the American Red Cross since July 9 will end today.

This course, first of its kind to be held in a military hospital in Southern California, has been conducted by Richard J. Evans, American Red Cross water safety and convalescent swimming representative for the Pacific area.

Attending were directors and enlisted men of the Torney physical reconditioning staff, as well as one officer and two enlisted men from the physical reconditioning branches at Hoff General and Mitchell Convalescent hospitals.

The training has consisted of lectures from nine until twelve noon, and swimming from two thirty until four thirty daily. "Very few swimmers have an overall understanding of the swimming skills," said Mr. Evans in opening the course. "Our schedule for convalescent swimming includes the teaching of nine separate strokes, with 10 variations which actually require the use of every muscle in the body."

Torney General hospital was chosen as the place of instruction because of its fine swimming pool. Mr. Evans said. From Torney he will go to the Marine Station at Mojave.

Dr. R. J. Macartney, pastor of Community church, who is spending the summer at his cottage at Forest Home, is in charge of the conference.

He sent word to the Village that he was "enjoying the balmy breezes at Forest Home, 5000 feet up in the San Bernardino mountains, 17 miles up Mill Creek canyon from Redlands."

Community Church
Young People at
Bible Conference

Among more than 350 young people from all parts of Southern California at the Bible conferences being held in Mill Creek canyon at Forest Home last week were Bobby Sandefer, Gary Sanders, Bobby Markham, Eddie Knupp, Edward

Villagers Guests At Special Affair At Pittsburg Club

The Palm Springs Woman's club was represented at a meeting of the Women's City Club of Pittsburgh at a recent meeting by Mrs. John Robertson Macartney and Mrs. Frank Shannon of this city.

They were guests at a luncheon given by Mrs. Florence Reno and Mrs. M. A. Krityschiner, winter residents of the Village for many seasons.

Mrs. Macartney is now in Philadelphia.

Mrs. Shannon, with her husband, is anticipating a return to the Village this fall after an absence of several months during which they toured the south before going to their former home town, Pittsburg.

Mrs. Homer McKee of 1011 El Alameda, is spending the summer months at Idyllwild.

HERE NEXT WEEK — Cheryl Walker in "Identity Unknown" at the Palm Springs theater next Tuesday and Wednesday.

Pasadena Girl Becomes Bride of Winter Resident

Mrs. Guy Pinney was in Los Angeles last week to attend the wedding of Peter Yankwich, son of Federal Judge and Mrs. Leon Yankwich and Elizabeth Pope Ingram of Pasadena. The rites were read at St. James Episcopal church, South Pasadena, last Saturday.

Judge and Mrs. Yankwich have a home in Palm Springs, and Peter and his sister have a host of friends among the younger set here.

Mrs. Bacon Clifton Now at Beaumont

Mrs. Bacon L. Clifton, wife of Dr. Clifton, former Village dentist, is spending the summer at Beaumont. Dr. Clifton is now located in Los Angeles.

He went to San Bernardino from the Village, but later opened an office in Los Angeles.

County Council Discusses Scout Budget Affairs

Annual budget for Riverside County Boy Scout council was discussed at a meeting in Riverside Wednesday evening. Budget for the year will be \$21,895.82.

President Hugo Guenther of Murrieta Hot Springs, said the budget was slightly lower because Redlands is no longer part of the county council. He said, however, that in the past Redlands carried 18 per cent of the budget load and that the county would have to make up a part of this to maintain the present standard of service with three executives.

There are now 1,727 Boy Scouts registered in the county, he said.

The Frontier Boot and Shoe Shop at 171 East Andreas road is being sold by D. O. and B. H. Dunlap to Angelino Pistoni, it was announced this week.

Board Authorizes County-City Pact On Health Affairs

Chairman Robert E. Dillon of the county board of supervisors was authorized Monday to sign an agreement with Palm Springs and five other county communities covering activities of Dr. Warren F. Fox as joint county-city health officer.

The agreement is the same as the previous cooperative pacts between the Village and the county. The agreement with the county was drawn up by City Attorney Roy W. Colegate and acted upon by city council last month.

The agreement may be terminated on 30 days notice from either party.

Supervisors passed the resolution with only one dissenting voice. Supervisor Clarence Steves of Corona said he did not like the idea of the county health officers acting in that capacity for cities, too.

Tax Delinquency At New Low Mark

Tax delinquency in Riverside county dropped to a new low for the 1944-45 fiscal year, Miss V. M. Hyde, county tax collector, reported to the board of supervisors Monday. Total tax charges for the year were \$4,156,830.19, and the amount unpaid was \$101,953.07, or 2½ per cent of the total.

Delinquency percentages have been dropping steadily each year, Miss Hyde reported. In the 1934-35 fiscal year, ten years ago, the delinquency figure was 17 per cent.

Reineman Paintings At Pasadena Show

Kurt Reineman, artist who spends the summers in Idyllwild and the remainder of the year at his home in Cathedral City, has one of the five featured groups of artists' work now on exhibit at the Pasadena Art Institute.

Desert landscapes, in oil, comprise Reineman's work being shown at the institute, while companion features at this time

Portrait of the Week

By BERNARD
of Hollywood

Corporal Marguerite Kirk . . . from Indianapolis, Indiana, where she was a switchboard operator . . . that was in civilian life . . . joined the Wacs in November last year . . . was 21 then . . . after a basic at Fort Des Moines was sent to Torney General hospital here . . . Arrived here in January and wants to stay . . . will wed an M.P. now in Paris, France, when he returns, and wants him to come to the Village for their home . . . Chestnut hair, brown eyes . . . will be 22 come November . . . likes all kinds of outdoor sports . . . also likes to sing.

are original drawings from "Yanks," sculpture by William Otto, plastics by Jan de Swart, and Guatemalan costume drawings by Josephine Wood.

Claudia Wilde Olsen of Claudia Wilde's Beauty Salon in the Pacific building is selling her business to Gene Galloway, according to announcement this week.

August 1 Will Be Observed As "Air Force Day" Here

Commander Ed Stephens of the Palm Springs squadron of the Civil Air Patrol was making arrangements today for local observance of Wednesday, August 1 as Air Force Day. It is the 38th anniversary of the Army Air Corps. For the first time, a nation-wide observance of the day as Air Force Day is planned.

The public relations office at the 5th OTU, army air base here, and Mr. Stephens plan to cooperate in the celebration of the event. A dinner meeting to listen to a national broadcast by General Hugh Arnold, army air forces commanding general, is on the plans.

Earle L. Johnson, national CAP commander, has asked all unit commanders to join in making Air Force Day a great success and the local unit plans to aid in every way possible.

Plans for the event will be announced next week by Commander Stephens of the Palm Springs unit and by the army air base here.

Pay your telephone bill before the 30th and receive a discount.
